PRESIDENT - KARINE LEBLANC

OPENING COMMENTS

Key Topics:

- Karine Leblanc reported ASHRAE Society has an optional service to invoice and collect members' Society and Chapter dues at the same time. She commented using this service would save the Chapter mailing costs and be more convenient for members to pay their Society and Chapter dues at one time. Society will reimburse the Chapter for the dues collected on a monthly basis. This service will begin with the 2010/2011 fiscal year billing. Karine stated the decision to use this service needs to be made at the February 2 meeting in order to meet Society's deadline.
- There was a discussion about the positive aspects and the ramifications of using this service. Concern was expressed about how to handle the publication and

distribution of the Roster if members pay throughout the year on their anniversary date. There was a motion made to have Society begin collecting dues for the Southern California Chapter but still use email notices for Chapter members not assigned to the SoCal area. It was suggested that all members be notified by email of this change in payment. A decision was made to table the motion on this service until the February meeting. Karine will research a way to handle the concern about the publication and distribution of the Roster.

- Karine reported the vast majority of people are using “credit card on site” when indicating dinner payment. She stated this is very time consuming and causes confusion. Karine suggested members pay for their dinner by Pay Pal prior to the meeting or pay by cash or check only at the door. There would be not more credit card purchases. If the prepaid member cannot attend the meeting, the payment will be extended to a future meeting. The Board agreed this would be the new policy for the dinner payment. Chris Zabaneh will place a notice of this new payment method in Sol*Air and on the website.
